DECODING STARLIGHT EXHIBIT GUIDE (A)

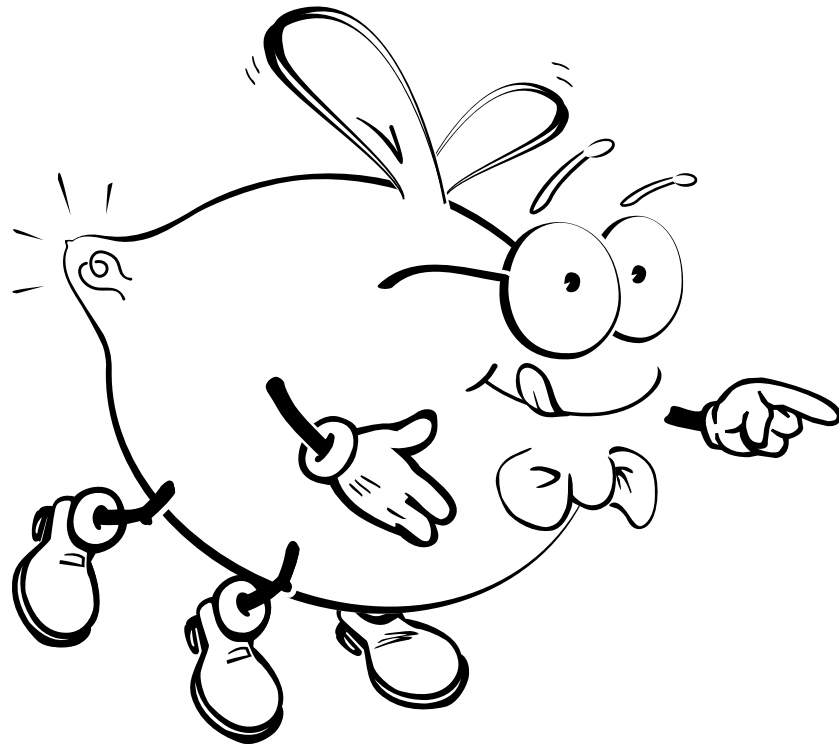

"Hi. My name is Mac. Come play with me."

STAR LIGHT, STAR BRIGHT

★ *Sunlight is Starlight*

The Sun makes rainbows.

"Color me like a rainbow."

SECRETS OF STAR LIGHT

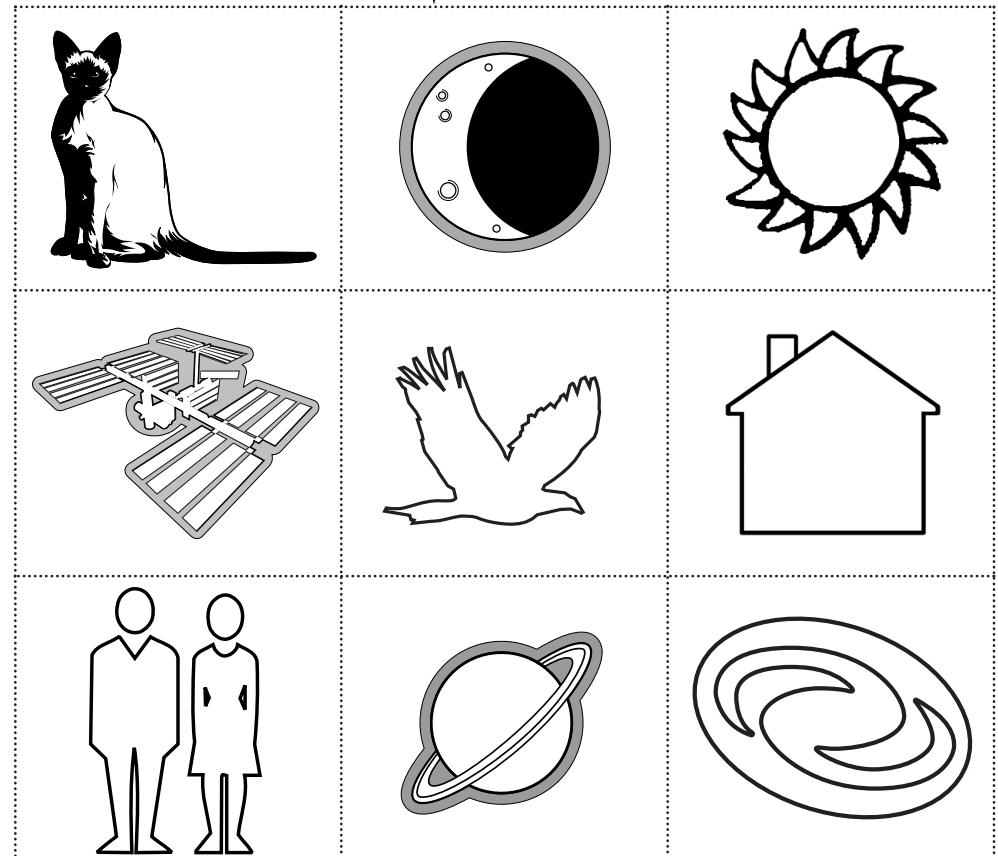

★ *Create Your Own Night Sky*

"Move the pieces into groups on the board."

Circle the things below that are in the sky.

Color the things astronomers study.

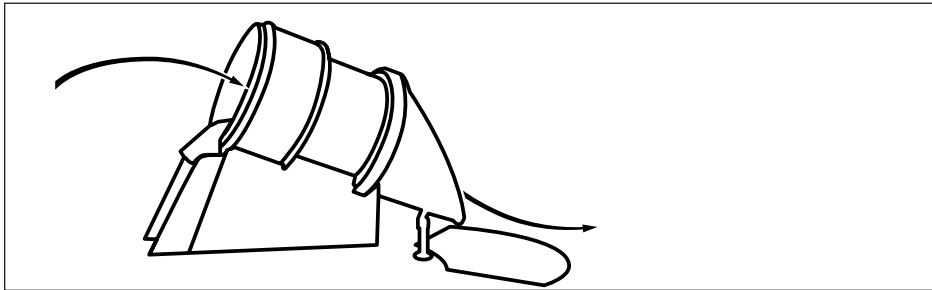

GATHERING STARLIGHT

★ Telescope Slide

"Pretend that you are starlight coming into a telescope.

Draw the colors that come out."

★ Behind the Scenes: Living and working here

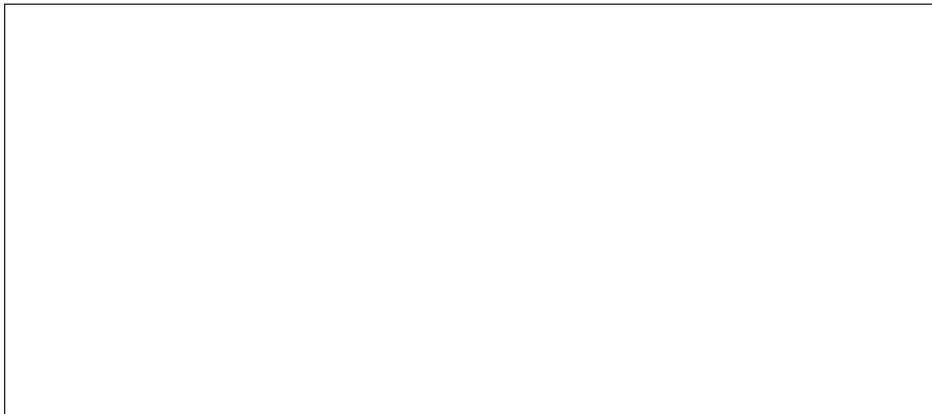

Many people work at McDonald Observatory.

They work together to make this a place for science.

"Do you live in a place like this?"

Draw a picture about your visit."

TIMELESS EXPLORATION

★ Making Sense of the Universe: Explore in History

A long time ago, American Indians lived near here.

They made beautiful pots.

"Pretend that you are an American Indian.

Design the pot below to show

what you learned today."
